

Zaxcom Stereo Digital Wireless Ordering Guide

The TRX series of Zaxcom Digital Wireless has many unique features that are truly industry firsts. The following is meant to help in ordering Stereo wireless systems.

First, a list of all the available components...

Transceivers:

TRX900 – Wireless transceiver that runs on single CR 123 battery, the built-in receiver can receive time code and remote control commands from an IFB100 transmitter.

TRX900AA - Wireless transceiver that runs on two AA batteries, the built-in receiver can receive time code and remote control commands from an IFB100 transmitter.

Options:

TRX901 – Internal Recording

Internal recording can be added to any of the above transmitters.

The recording is time code stamped, this can be internally generated, jammed through the mic input connector, STA100, TCA100 or remotely sent via the IFB100.

TRX10 – Internal IFB

Internal IFB (confidence audio return feed)* monitoring can be added to either the TRX900 or TRX900AA.

*To monitor IFB audio you will need either an STA100 or EA100.

IFB / Remote Control / Time Code Transmitter:

IFB100 – Transmits IFB audio (confidence return), time code and remote control commands to the TRX910 or TRX910AA.

This transmitter can NOT run on internal batteries. It has the same connectors as the Stereo Adaptor: TA5 Male audio-input, 3.5 mm time code input, Switchcraft L712 power input, 3.5 mm time code / audio output.

Adaptors:

STA100 – Stereo Adaptor

In addition to the trim pots it has a TA5 Male audio-input, 3.5 mm time code input, Switchcraft L712 power input, and a 3.5 mm time code / audio output.

EA100 – Earpiece Adaptor

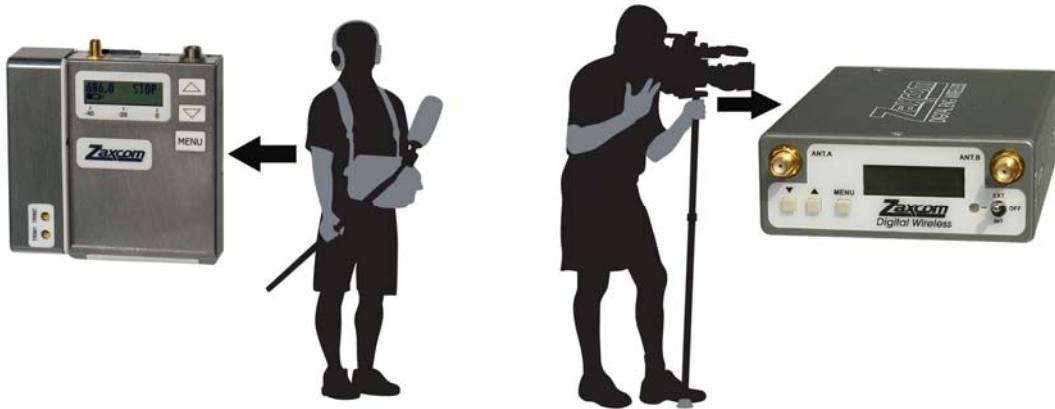

Use this to monitor IFB audio or audio played back from the miniSD card.

Receiver:

RX900S – Stereo ENG Receiver

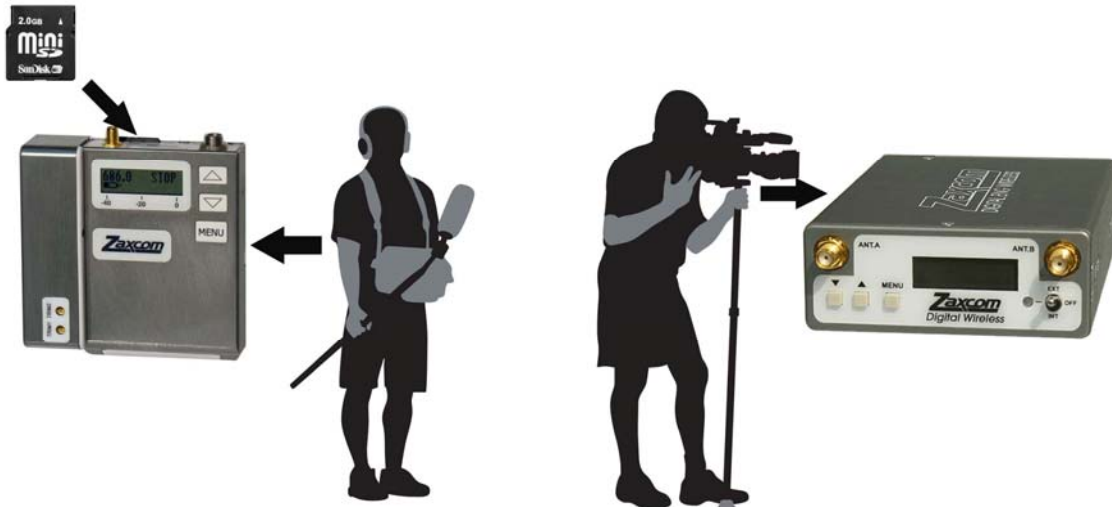

Below is a list of common scenarios and components needed:

Bag to Camera Stereo Link

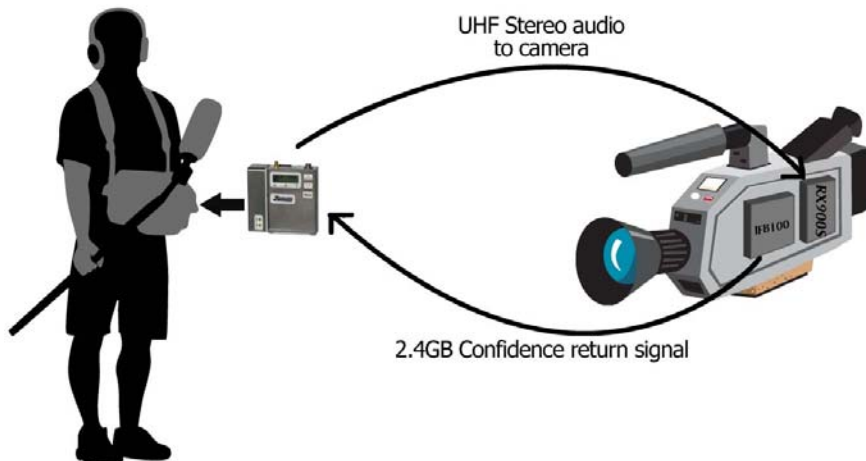

1. TRX900AA
2. STA100
3. RX900S
4. Cables (Remote Audio or self-made)

Bag to Camera Stereo Link w/Internal Back-up Recording

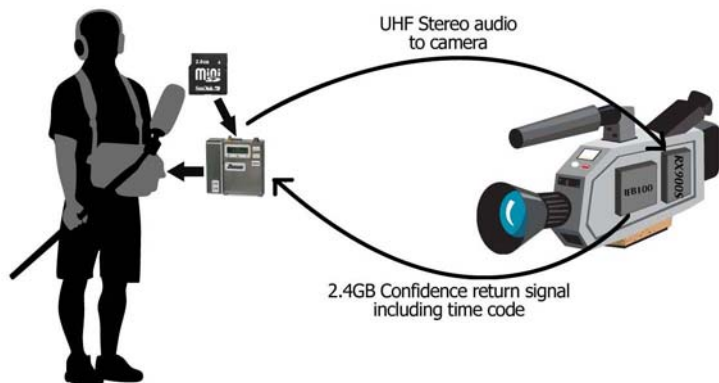

1. TRX900AA
2. TRX901
3. STA100
4. RX900S
5. Cables
6. Additional MiniSD Cards

Bag to Camera Stereo Link w/Internal IFB

1. TRX900AA
2. TRX10
3. STA100
4. RX900S
5. IFB100
6. Cables

Bag to Camera Stereo Link w/Internal Back-up Recording and Internal IFB

1. TRX900AA
2. TRX10
3. TRX901
4. STA100
5. RX900S
6. IFB100
7. Cables
8. Additional MiniSD cards
